

# Recording in Pixie

1. Select the page where you will be adding your sound.
2. Click on the Options icon.

4. When you are ready to record click on the red button.
5. When you are finished recording click on the green button.
6. Click on the blue play button to listen to your recording.

7. If you need to re-do your recording, click on the trash can and start over.
8. When your recording is complete, go to File to Save or Command- S.
9. Select the next page to record and repeat the above steps.
